

## CERTIFICATION

To Whom It May Concern:

SHIELD MEDICA LTD, the Manufacturer of SHIELDme Products and Product Owner, is responsible for making SHIELDme Disinfectant established and available on the EU market by demonstrating that the substance it contains, is supplied by the substance supplier included in the Article 95 list.

SHIELDme Disinfectant Product as a biocidal product can be made available on the EU market, since the substance supplier is included in the Article 95 list for the product type (PT1, PT2, PT3, PT4 and PT5).

Shieldme Disinfectant and sanitizers has successfully passed test ASTM E 1053 BS Standard Practice to Assess Virucidal Activity of Chemicals Intended for Disinfection of Inanimate, Nonporous Environmental Surfaces which is in line with the suspension test using the methodology of BS EN 14476 – test for chemical disinfects against CORONAVIRUS. The test that was carried out at an independent TGA accredited facility by EUROFINs AMS Laboratories Pty. Ltd., TGA License No. MI-15112007-L1-002191-11, APVMA License No. 6139 as one of the leading virologist, demonstrates that Shieldme Disinfectant and sanitizers possesses significant virucidal activity against CORONAVIRUS.

CONCLUSION OF ASTM E 1053 BS:

According to ASTM E 1053, Shieldme Disinfectant and sanitizers possesses virucidal activity (5.5 log reduction) against Coronaviruses in 30 Seconds.

This is also to certify that Shieldme Disinfectant and sanitizers were tested against corona viruses and it destroys 99.97% of it within 30 seconds of contact as per British standards EN14476. The test that was carried out at an independent UKAS accredited lab, MSL Laboratory UK, IEC17025, with reference no. J001499 and published online in its website <https://www.msl.io/>.

Production of Shieldme conforms to the requirements of Food and Drug Administration FDA Certificate no. GLO-UK-FDA-1005 and Conformité Européenne CE Certificate no. GB11109U on health, safety, and environmental protection standards.

Shieldme is compliant with British Standards & European Norms EN 14476, 14204, 1276, 13704, 13697 & 1656.
